

Motion to Encourage the Distribution of Free Milk on Mondays

Proposer: Kunal Shah (2054163)

Seconded: Jacob Coates (2007085)

The society notes:

1. Milk is a nutrient-rich beverage that is important for maintaining good health.
2. The average person consumes about 3 glasses of milk a week.
3. Mondays can be a stressful day for many people, and starting the week with a nutritious drink can help set a positive tone for the rest of the week.

The society believes:

1. Providing free milk on Mondays will help to promote good health and wellness among society members.
2. Milk can provide a quick and convenient source of energy and nutrients to help people start their week on the right foot.

The society resolves:

1. To encourage the distribution of free milk on Mondays, starting at 10 am and ending at 2 pm in the DCS atrium.
2. To mandate the Treasurer to allocate a budget for purchasing the necessary supplies, such as milk and cups.
3. To mandate the Secretary to advertise the event through email reminders and posts on social media to all society members.
4. To mandate the President to oversee the event and ensure that it runs smoothly.
5. Provide dairy free alternatives such as oat or soy milk to ensure accessibility for those who are vegan or lactose intolerant.
6. Provide a chocolate milk option on the first Monday of every calendar month
