

# **‘Motion to change the title of the head of the Society’**

**Proposer:** Matthew Knight (2007659)

**Seconded:** Kunal Shah (2054163)

## **The society notes:**

1. The current title for the head of the society is ‘President’.
2. ‘President’ is used for the head of state of the USA, while the society is at a British University.
3. ‘Lord President of the Council’ is the title used to address the head of the Privy Council.

## **The society believes:**

1. The current title of ‘President’ is not befitting as the title of the head of the society.
2. ‘Lord Chancellor of the Computers’ sounds amazing, has grandeur and would be a great title for the head of the society, drawing inspiration from the title for the head of the Privy Council.

## **The society resolves:**

1. The title of the head of the society should be changed from ‘President’ to ‘Lord Chancellor of the Computers’.
2. Only a small change is necessary to the constitution - ‘President’ will still refer to the head of the society, but the full title is now ‘Lord Chancellor of the Computers’ and will be noted while listing roles in 4.3.2 of the constitution.
